RESOLUTION

Recognizing the value of the Older Americans Act of 1965 nutrition program in addressing hunger, malnutrition, and isolation, and improving the health and quality of life for millions of our Nation's seniors each year.

Whereas, on March 22, 1972, President Richard Nixon signed into law Public Law 92–258, which amended the Older Americans Act of 1965 (OAA) and established a national nutrition program for individuals 60 years and older;

Whereas thousands of local senior nutrition programs, both congregate and home-delivered, are funded through the OAA nutrition program;

Whereas these programs provide a vital lifeline to millions of older adults and individuals with disabilities in communities across the United States who may be homebound and isolated, struggling with hunger and malnutrition;

Whereas local OAA nutrition programs provide nutritious meals, socialization, friendly visits, and wellness and safety checks through volunteers and staff to individuals who suffer from long-term chronic conditions, as well as to those who may need short-term assistance;

Whereas the official purposes of the OAA nutrition program are to—

- (1) reduce hunger, food insecurity, and malnutrition;
- (2) promote socialization of older individuals; and
- (3) promote the health and well-being of older individuals by assisting such individuals to gain access to nutrition and other disease prevention and health promotion services that can delay the onset of adverse health conditions resulting from poor nutritional health or sedentary behavior;

Whereas the OAA nutrition program reduces other costs to taxpayers, primarily lowering Medicare and Medicaid expenditures by helping to—

- (1) prevent falls;

(2) avoid unnecessary hospital transports, admissions, and readmissions;

(3) expedite recovery from illness; and

(4) delay or prevent institutionalization;

Whereas local OAA nutrition programs are proven, valuable, and effective public-private partnerships that leverage private, corporate, and individual donations and other non-Federal funding sources to operate their services efficiently and successfully;

Whereas the over-60 population of the United States is rapidly growing and projected to increase significantly every year for the next several decades, causing a similar increase in the need and demand for local OAA nutrition program services; and

Whereas this 50th anniversary of the OAA nutrition program provides an opportunity to celebrate and honor community-based organizations that deliver these vital and critical services: Now, therefore, be it

1 *Resolved*, That the House of Representatives—

2 (1) recognizes and values the important work of
3 local Older Americans Act of 1965 (OAA) nutrition
4 programs nationwide in giving voice to millions of
5 our Nation's seniors each year, improving their qual-
6 ity of life and addressing senior hunger, malnutri-
7 tion, and isolation;

8 (2) recognizes and values the important role
9 that local OAA nutrition programs and national org-
10 anizations play in increasing awareness of the
11 growing unmet need for these programs and in rais-

1 ing additional non-Federal funds and soliciting vol-
2 unteers to support and assist the important missions
3 of these programs;

4 (3) recognizes and values volunteers as the
5 backbone of the OAA nutrition program, noting that
6 they deliver nutritious meals to seniors and individ-
7 uals with disabilities who are at significant risk of
8 hunger, malnutrition, and isolation, and provide car-
9 ing concern and attention to the welfare of program
10 participants; and

11 (4) encourages Members of Congress to support
12 their local OAA nutrition programs by—

13 (A) participating in 50th anniversary
14 events;

15 (B) delivering meals to homebound seniors
16 or serving them in a congregate setting with a
17 program in their district or State; and

18 (C) working to secure sustained Federal
19 funding for the OAA nutrition program that
20 will allow local providers to keep pace with in-
21 creased program costs and demand.
